1. Touch
NFC technology
Tap the phone with the card to share data

2. Scan
QR Code
Scan the QR code to share data

3. Link
Custom link
Send the link via email or message to share data

Your digital profile in one click.

By activating **ID-Connect Profile Suite**, you can:

Edit your information unlimitedly: contacts, social media, business function.

Customize your profile with images, videos, and corporate presentations.

Connect each member's profile to your organization's profile, simplifying sharing.

Monitor the activities
of your resources.

ID-Connect HR Suite, the HR revolution:

Employee Directory:
Centralized and digital management
of employee data, eliminating paper archives.

Leave and Permission Management:
An automated system for the approval of employee leave
and permission requests.

Payroll Processing:
Efficient creation and distribution of pay slips to
employees, simplifying the payroll process.

Badge and Timekeeping Management:
Monitoring and managing employee clock-ins and clock-
outs through badges, with automated attendance
control, integrating data with work schedule
information.

Why ID-Connect.

Fast

Your card will be as fast as your needs and you will be able to update your data in real time using our dashboard.

Simplified

Share your contacts, business information, presentation videos, and documents - all with a simple tap or scan.

Economic

You will no longer need to print your business cards, as you will simply need to update the data

Ecological

The digital ID-Connect is the eco-sustainable digital business card with zero impact
